**Subject: LONG TERM EXEMPTION**

Dear Mr Kruszynski

Thank you for your request for a long term exemption in accordance with JAR-FCL 1.045 for the purpose of allowing the conduct of flight training towards a JAR-FCL licence on an aircraft with a Permit to Fly certificate of airworthiness namely the PZL M-20 aircraft.

The JAA is happy to grant a Long Term exemption for the above purpose provided that the aircraft is maintained in the normal manner as if it held a certificate of airworthiness issued in a JAA Member State.

Best regards

Ron Jenkins
